Competition

Three competitions are organised.

To be prepared before the General Assembly. :

BEST PHOTO (Print) :

Each participant will submit a maximum of **TWO prints**

A4 size print (21cm x 29,7 cm) of photos of a micromineral. The print must be anonymous (a code will be attributed by the organisers when the prints are entered into the competition). Each participant in the exchange will have a vote to choose the best prints. This year's subject is **PYROMORPHITE**.

BEST micromount :

Each participant will submit **ONE** case of **GALENA**. A jury will give marks to decide the winners. The criteria retained for the rating are : the esthetic quality, the originality of the item and the quality of the micromount (the origin will decide between potential tie-in competitors).

On the spot :

Digital Photographs Competition:

Each participant in the competition will have to take one (or several) digital photo With his-her own equipment of one particular sample which will be displayed.

Each participant will be allowed to enter only **ONE** photo into the competition. A jury will rate and mark the competitors. The criteria retained for the rating are : The quality, the rendering and the originality of the photo. (Do not forget your connecting cables)
